

Vincent Ong Senior Vice President – Asia North Borouge

Vincent Ong is the Senior Vice President for Asia North at Borouge since July 2012 based in Shanghai.

Mr. Ong comes to Borouge with more than 20 years of management experience and a strong track record in leading businesses in Greater China and Asia Pacific (APAC) across a wide spectrum of industries covering chemicals, semiconductors and electrical & electronics.

Prior to joining Borouge, Mr. Ong was the Regional Marketing Director for Asia Pacific at Huntsman Corporation. He also held a number of leadership roles as Divisional President of Greater China at Rohm Electronics Co. Ltd, Asia President at Weidmuller Interface Co. Ltd. and Managing Director for Key Japanese Accounts (ASEAN) at Fujitsu Devices Singapore Co. Ltd. Through these positions, he led significant achievements in driving business growth and in development of sales & marketing management.

Mr. Ong, a Singapore citizen, holds a Bachelor of Science degree in Mechanical Engineering from the University of Oklahoma, USA, and a Master of Science in Japanese Business Studies from the Chaminade University of Honolulu, Hawaii, USA.

End

Borouge is a leading petrochemical company that provides innovative, value creating plastics solutions. A joint venture between the Abu Dhabi National Oil Company (ADNOC), one of the world's major oil and gas companies, and Austria based Borealis, a leading provider of chemical and innovative plastics solutions, Borouge is a groundbreaking joint venture at the forefront of the next generation of plastics innovation.

With its base in the United Arab Emirates and Marketing & Sales head office in Singapore, Borouge employs more than 3,000 people representing over 40 nationalities and serves customers in 50 countries across the Middle East, Asia and Africa.

Building on the unique Borstar® and Borlink™ technologies and over 50 years of experience in polyolefins, Borouge provides innovative, sustainable and value creating plastics solutions for infrastructure (pipe systems, and power and communication cables), automotive and advanced packaging applications that address global challenges such as climate change, food protection, access to fresh water, energy conservation, healthcare and waste management.

In 2010 Borouge tripled the annual production capacity of its plant in Abu Dhabi to 2 million tonnes, and with the further expansion that started in 2014 and increased the annual capacity to 4.5 million tonnes, Borouge and Borealis have a combined annual production capacity of approximately 8 million tonnes of polyethylene and polypropylene.

Borouge is expanding its commercial and logistics network in the Middle East and Asia and investing in its Innovation Centre in Abu Dhabi and Application Centre in Shanghai. Focused on our company mission, *Value Creation through Innovation*, we ensure that our customers throughout the value chain, around the world, can rely on differentiated products and reliability of supply.

Borouge is committed to the principles of sustainability and is a signatory of the chemical industry's Responsible Care® Global Charter. Together with Borealis, Borouge is proactively addressing the world's water and sanitation challenges through the Water for the World™ initiative.
