

**Wim Roels**  
**Chief Executive Officer**  
**Borouge Pte Ltd.**  
**(Borouge's Marketing Company)**

**Wim Roels** is the Chief Executive Officer of Borouge Pte Ltd (Borouge's Marketing Company) based in Singapore. Having served as Board Member of the same company, Mr. Roels was appointed CEO in July 2011 to contribute to the growth of Borouge in the developing markets of the Middle East and Asica Pacific regions based on his wide experience in production, innovation and business management.

Mr. Roels enjoys a strong professional background and an insight knowledge of plastics and chemical industries. Prior to joining Borouge, he was the Senior Vice President Film and Fibre at Borealis. Before that, Mr. Roels took over various senior leadership positions such as the Vice President Moulding at Borealis in 2008, General Manager for Borealis Belgium in 2002, Vice President for Polyolefin Research and Development, and Vice President Innovation and Technology.

Mr. Roels started his career with Rectitel in the polyurethane and phenolic foams business, and in 1989 he joined Borealis as a Technical Service and Development Engineer for moulding applications, and later as Research Centre Manager in Porvoo, Finland.

Mr. Roels is a holder of a Bachelor's degree in Chemical Engineering since 1983.

Borouge is a leading provider of innovative, value creating plastics solutions. A joint venture between the Abu Dhabi National Oil Company (ADNOC), one of the world's major oil and gas companies, and Austria based Borealis, a leading provider of chemical and innovative plastics solutions, Borouge is a groundbreaking international partnership at the forefront of the next generation of plastics innovation.

Borouge has its headquarters in the United Arab Emirates and Singapore, employs approximately 1,600 people representing more than 40 nationalities and serves customers in more than 50 countries across the Middle East, Asia-Pacific, Indian sub-continent and Africa. Building on Borealis' unique Borstar® technology and experience in polyolefins for more than 50 years, Borouge provides innovative, value creating plastics solutions for the infrastructure (pipe systems, and power and communication cables), automotive and advanced packaging markets.

In 2010 Borouge tripled its annual production capacity in Abu Dhabi to 2 million tonnes and an additional 2.5 million tonnes per year will be introduced by mid-2014 to create the world's largest integrated polyolefins plant. Borouge is also investing in plants and logistics hubs in Asia and an Innovation Centre in Abu Dhabi. Today Borouge and Borealis have a manufacturing capacity of over 5.4 million tonnes of polyethylene and polypropylene annually. Focused on Value Creation through Innovation they ensure that their customers throughout the value chain, around the world, can always rely on superior products and security of supply.

Borouge is committed to the principles of Responsible Care® and together with Borealis proactively contributes towards addressing the world's water and sanitation challenges through their Water for the World™ initiative.
