

**Ahmed Omar Abdulla
Chief Executive Officer
Abu Dhabi Polymers Company
Limited
(Borouge)**

Ahmed Omar Abdulla is the Chief Executive Officer of Abu Dhabi Polymers Company Limited (Borouge), a leading manufacturer of polyolefins based in Abu Dhabi in the UAE, since May 2016.

Mr Ahmed has spent his entire career with the ADNOC Group of Companies and therefore has extensive experience in the Oil & Gas industry, having held senior positions in General Management, Refining Management, Supply Chain Management, Project Management, Planning and Technical, Business Support and Marketing Management (Sales & Marketing of Refined Products, LPG, LNG & Crude Oil, Transportation & Shipping).

As a Member of the Borouge Pte Ltd Board of Directors, and previously as a Chairman of Borouge's Marketing Projects Steering Group (MPSG), he has been actively contributing to the expansion and success of Borouge since 2008. Being a Board Member, he acquired a wealth of understanding of the polyolefin manufacturing operations as well as the supply chain, compounding and international marketing and sales operations.

Prior to joining Borouge, Mr Ahmed was the Chief Operating Officer of the Abu Dhabi Oil Refining Company (TAKREER). While at the same company, he took up several managerial positions including Assistant General Manager (Operations), Ruwais Refinery Manager, Abu Dhabi Refinery Manager, and Division Manager, Planning & Technical Support. Mr Ahmed started his career with Abu Dhabi National Oil Company (ADNOC) as Department Manager for Products and Gas Supply in the Marketing & Refining Directorate.

1 (3)

Significantly Mr Ahmed has a vast experience in the integration of refining and petrochemical processes and has presented technical papers in various conferences on the subject. He was also involved in linear programmes and optimisation, in addition to leading and executing many programmes in operational excellence, business continuity, cyber security, organisational development and performance enhancement.

Mr Ahmed is a UAE National and holds a Master's degree in Corporate Governance & Leadership, and a Bachelor's degree in Chemical Engineering.

Borouge is a leading petrochemical company that provides innovative, value creating plastics solutions. A joint venture between the Abu Dhabi National Oil Company (ADNOC), one of the world's major oil and gas companies, and Austria based Borealis, a leading provider of chemical and innovative plastics solutions, Borouge is a groundbreaking joint venture at the forefront of the next generation of plastics innovation.

With its base in the United Arab Emirates and Marketing & Sales head office in Singapore, Borouge employs more than 3,000 people representing over 40 nationalities and serves customers in 50 countries across the Middle East, Asia and Africa.

Building on the unique Borstar® and Borlink™ technologies and over 50 years of experience in polyolefins, Borouge provides innovative, sustainable and value creating plastics solutions for infrastructure (pipe systems, and power and communication cables), automotive and advanced packaging applications that address global challenges such as climate change, food protection, access to fresh water, energy conservation, healthcare and waste management.

In 2010 Borouge tripled the annual production capacity of its plant in Abu Dhabi to 2 million tonnes, and with the further expansion that started in 2014 and increased the annual capacity to 4.5 million tonnes, Borouge and Borealis have a combined annual production capacity of approximately 8 million tonnes of polyethylene and polypropylene.

Borouge is expanding its commercial and logistics network in the Middle East and Asia and investing in its Innovation Centre in Abu Dhabi and Application Centre in Shanghai. Focused on our company mission, *Value Creation through Innovation*, we ensure that our customers throughout the value chain, around the world, can rely on differentiated products and reliability of supply.

Borouge is committed to the principles of sustainability and is a signatory of the chemical industry's Responsible Care® Global Charter. Together with Borealis, Borouge is proactively addressing the world's water and sanitation challenges through the Water for the World™ initiative.
