

**Sultan Alfaheem  
Senior Vice President  
Corporate Governance  
Borouge**

**Sultan Alfaheem** is the Senior Vice President for Corporate Governance since April 2012. Based in Singapore, he oversees Borouge's governance function that comprises Legal, International Subsidiary Governance, Compliance, Risk Management & Business Continuity, Ethics, GRC and International Tax & Customs.

Sultan joined Borouge's Marketing & Sales Company in 2003 as a Senior Market Analyst, rising to the position of Senior Vice President of Business Support in 2007. He was actively involved in the establishment of Borouge's marketing and sales business in Shanghai and Guangzhou, in addition to a compound unit for automotives in Shanghai and two logistics hubs in China and Singapore. In 2009, Sultan assumed the role of Senior Vice President of Shared Services overseeing Finance, IT and Procurement strategies and policies in Borouge with the aim of promoting efficient work environment to support business expansion plans.

Prior to joining Borouge, Sultan worked at the Abu Dhabi Investment Authority as Senior Analyst, Evaluation & Follow-up Department, MD's Office.

Sultan holds a Bachelor of Science degree and a Master of Science degree both in Economics from the California State Polytechnic University Pomona, USA. He is a UAE national citizen.

Borouge is a leading petrochemical company that provides innovative, value creating plastics solutions. A joint venture between the Abu Dhabi National Oil Company (ADNOC), one of the world's major oil and gas companies, and Austria based Borealis, a leading provider of chemical and innovative plastics solutions, Borouge is a groundbreaking joint venture at the forefront of the next generation of plastics innovation.

With its base in the United Arab Emirates and Marketing & Sales head office in Singapore, Borouge employs more than 3,000 people representing over 40 nationalities and serves customers in 50 countries across the Middle East, Asia and Africa.

Building on the unique Borstar® and Borlink™ technologies and over 50 years of experience in polyolefins, Borouge provides innovative, sustainable and value creating plastics solutions for infrastructure (pipe systems, and power and communication cables), automotive and advanced packaging applications that address global challenges such as climate change, food protection, access to fresh water, energy conservation, healthcare and waste management.

In 2010 Borouge tripled the annual production capacity of its plant in Abu Dhabi to 2 million tonnes, and with the further expansion that started in 2014 and increased the annual capacity to 4.5 million tonnes, Borouge and Borealis have a combined annual production capacity of approximately 8 million tonnes of polyethylene and polypropylene.

Borouge is expanding its commercial and logistics network in the Middle East and Asia and investing in its Innovation Centre in Abu Dhabi and Application Centre in Shanghai. Focused on our company mission, *Value Creation through Innovation*, we ensure that our customers throughout the value chain, around the world, can rely on differentiated products and reliability of supply.

Borouge is committed to the principles of sustainability and is a signatory of the chemical industry's Responsible Care® Global Charter. Together with Borealis, Borouge is proactively addressing the world's water and sanitation challenges through the Water for the World™ initiative.
