

## **Alan Izzard Vice President Corporate HSE Borouge**

**Alan Izzard** joined Borouge February 2009, and is the Vice President Corporate HSE Function which provides Health, Safety and Environment support for both Borouge's Production Company and Borouge's Marketing Company. Based in the Abu Dhabi Corporate Office, Mr. Izzard is responsible for spearheading Borouge's continuous efforts for the improvement of HSE programmes as well as the launch of our Responsible Care Programme. In addition to his role within Borouge, in December 2010 he was appointed Vice Chairman of the Gulf Petrochemical and Chemical Association (GPCA) Responsible Committee.

He started his career as an Instrument and Control Engineer before progressing into Project Management gaining significant diverse experience in the Design, Construction, Commissioning and Maintenance fields across the Upstream, Downstream and Petrochemical industry. For the past 11+ years, he has worked in senior HSE positions, working predominantly in the UK, and for periods in the UAE and Algeria for BP and Hess.

Mr. Izzard is a certified Chartered Health and Safety Professional from the UK Institute of Occupational Health and Safety, and a certified Chartered Instrument and Control Engineer from the UK Engineering Council.

Borouge is a leading provider of innovative, value creating plastics solutions. A joint venture between the Abu Dhabi National Oil Company (ADNOC), one of the world's major oil and gas companies, and Austria based Borealis, a leading provider of chemical and innovative plastics solutions, Borouge is a groundbreaking international partnership at the forefront of the next generation of plastics innovation.

Borouge has its headquarters in the United Arab Emirates and Singapore, employs approximately 1,600 people representing more than 40 nationalities and serves customers in more than 50 countries across the Middle East, Asia-Pacific, Indian sub-continent and Africa.

1 (2)

Building on Borealis' unique Borstar® technology and experience in polyolefins for more than 50 years, Borouge provides innovative, value creating plastics solutions for the infrastructure (pipe systems, and power and communication cables), automotive and advanced packaging markets.

In 2010 Borouge tripled its annual production capacity in Abu Dhabi to 2 million tonnes and an additional 2.5 million tonnes per year will be introduced by mid-2014 to create the world's largest integrated polyolefins plant. Borouge is also investing in plants and logistics hubs in Asia and an Innovation Centre in Abu Dhabi. Today Borouge and Borealis have a manufacturing capacity of over 5.4 million tonnes of polyethylene and polypropylene annually. Focused on Value Creation through Innovation they ensure that their customers throughout the value chain, around the world, can always rely on superior products and security of supply.

Borouge is committed to the principles of Responsible Care® and together with Borealis proactively contributes towards addressing the world's water and sanitation challenges through their Water for the World™ initiative.
