

Obaid Saeed Al Dhaheri **Vice President International Affairs** **Borouge**

Obaid Saeed Al Dhaheri was appointed at Borouge as the Vice President for International Affairs in July 2007. He formulates, coordinates and manages the overall implementation of the Company's International Affairs strategies and policies to ensure cordial relations with ADNOC Group, professional associations, local and international authorities and government officials of all levels to enhance the Company's image. Al Dhaheri maintains a high quality working relationship with higher level authorities, local ministries, government authorities, ADNOC Group and other foreign institutes, building Borouge positioning as a leading provider of value creating, innovative plastics solutions, and ensuring the company's commitment to addressing local and global challenges

Al Dhaheri is also a member of the GPCA Advocacy Committee, Corporate Social Responsibility Committee / Plastic Recycling.

Prior to joining Borouge, he was the Managing Director of Index Group and a Board Member of Camtech Manufacturing LLC /Valve Manufacturer.

Born in 1969, Al Dhaheri is a UAE national who holds a Bachelor's degree in Economics from the California State Polytechnic University, US.

End

Borouge is a leading provider of innovative, value creating plastics solutions. A joint venture between the Abu Dhabi National Oil Company (ADNOC), one of the world's major oil and gas companies, and Austria based Borealis, a leading provider of chemical and innovative plastics solutions, Borouge is a groundbreaking international partnership at the forefront of the next generation of plastics innovation.

Borouge has its headquarters in the United Arab Emirates and Singapore, employs approximately 1,600 people representing more than 40 nationalities and serves customers in more than 50 countries across the Middle East, Asia-Pacific, Indian sub-continent and Africa. Building on Borealis' unique Borstar® technology and experience in polyolefins for more than 50 years, Borouge provides innovative, value creating plastics solutions for the infrastructure (pipe systems, and power and communication cables), automotive and advanced packaging markets.

In 2010 Borouge tripled its annual production capacity in Abu Dhabi to 2 million tonnes and an additional 2.5 million tonnes per year will be introduced by mid-2014 to create the world's largest integrated polyolefins plant. Borouge is also investing in plants and logistics hubs in Asia and an Innovation Centre in Abu Dhabi. Today Borouge and Borealis have a manufacturing capacity of over 5.4 million tonnes of

1 (2)

polyethylene and polypropylene annually. Focused on Value Creation through Innovation they ensure that their customers throughout the value chain, around the world, can always rely on superior products and security of supply.

Borouge is committed to the principles of Responsible Care® and together with Borealis proactively contributes towards addressing the world's water and sanitation challenges through their Water for the World™ initiative.
