

Quality Policy

Borouge Commitment to Quality

Our Commitment to Quality supports the building of successful businesses to achieve the maximum benefits for all our stakeholders - our employees, customers, shareholders and the general public. Through continuous improvement, we are committed to the principles of corporate and commercial excellence and to the development of our people to their full potential.

In order to achieve these goals, we:

- **Aspire** to achieve total customer satisfaction by practicing our mission statement, 'Value Creation Through Innovation' and by providing the highest quality products and services
- **Strive** to continually improve our processes, practices and behaviors
- **Maintain** a practical but comprehensive quality system complying to international standards
- **Develop** its employees through structured human resource processes
- **Provide** necessary resources and support to ensure achievement of agreed goals

We undertake to review and evaluate performance against customer requirements, relevant standards and regulatory & legal requirements to ensure delivery of such commitment.
